Proposed amendments to regulation 21 of the Regulations on Prospecting and Exploration for Polymetallic Sulphides in the Area

Note by the secretariat

1. The Legal and Technical Commission will recall that in 2013 the Regulations on Prospecting and Exploration for Polymetallic Nodules in the Area (Nodules Regulations) were revised¹ to bring them into line with the Regulations on Prospecting and Exploration for Polymetallic Sulphides in the Area (Sulphides Regulations).² It was also decided to align the fee provision in the Nodules Regulations with the corresponding fee provision in the Regulations on Prospecting and Exploration for Cobalt-rich Ferromanganese Crusts in the Area (Cobalt Crusts Regulations).³
2. As a result, the corresponding fee provision in regulation 21 of the Sulphides Regulations is now inconsistent with both the Nodules Regulations and the Cobalt Crusts Regulations. In order to address the inconsistency, the Council of the International Seabed Authority decided in 2013 to request the Commission to make a recommendation to revise regulation 21 of the Sulphides Regulations.⁴
3. Existing regulation 21 of the Sulphides Regulations² and the suggested revised regulation are reproduced in the annex to the present document. The Commission is invited to consider the revised regulation and to make a recommendation thereon for the consideration of the Council at its twentieth session, in July 2014.

Fee for applications

1. The fee for processing an application for approval of a plan of work for exploration for polymetallic sulphides shall be a fixed amount of 500,000 United States dollars, or its equivalent in a freely convertible currency, to be paid in full at the time of the submission of an application.

2. If the administrative costs incurred by the Authority in processing an application are less than the fixed amount, the Authority shall refund the difference to the applicant. The amount due shall be paid by the applicant or reimbursed by the Authority within three months of the signing of the contract referred to in regulation 25 below.

4. The fixed amount referred to in paragraph 1 above shall be reviewed on a regular basis by the Council in order to ensure that it covers the expected administrative costs of processing applications and to avoid the need for applicants to pay additional amounts in accordance with paragraph 2 above.
